NEXT MEETING: THURSDAY, SEPT. 23, 7:30 PM

PLACE : CONCORD WATER DISTRICT OFFICE,  
1331 CONCORD AVE. ( large, well marked concrete  
building about 1/2 mile east of the airport on  
the north side of Concord Ave.)

At this point John McCombs has not yet finalized the program,  
but he is cooking up something special. Please don't overlook  
the THURSDAY date. Meetings, for now, are no longer on the  
fourth Wednesday and we no longer have the Buchanan Field  
terminal building.

## ERRATA

The following members names were not correct in last month's membership  
list and should be changed to read:

JACK PURDUE  
SASHA MUNIR

Minutes of Meeting: Aug 24, 1982

Kay Smith took notes and wrote up the minutes of the last meeting, but the post office didn't do their part. Apparently the mail doesn't go from there to here. So I'll try to remember...

Since SFO Helicopter has usurped our meeting place, there was considerable discussion about where to meet. It was decided that for the next few months we will continue to use the Water Dist. Office. To do this, Carlos must appear on the first of each month and try to reserve the desired day. Since Wednesdays are taken for the Water Dist. Board, we will try to always get either the fourth Tuesday or the fourth Thursday of each month. Members will have to refer to the newsletters for the correct meeting day.

It was decided to combine the treasury's general fund and special fund into one fund. A balance of about \$500.00 will be kept in a checking account and amounts in excess will be placed in an interest bearing account.

During introductions everyone told about their first solo. It was a fascinating assortment of stories and quite an impressive accumulation of experience. Several of our members started flying during the thirties and we have quite a few WW2 fighter jockies. It's good to feel like a young kid at my age.
